COACH ASSESSMENT:

After a rough start going 2-0 down we turned it around and scored 4 unanswered goals. We did not retain possession of the ball very well in the first 30 minutes of this match. As soon as we started sharing the ball and moving off the ball to provide options for the passer the game opened up for us. We moved the ball well and started to see parts of our attacking Game Model come out in this match. We were serving balls early behind the back line and getting balls to the endline and pulling it back to runners in the box. It was exciting to see these moments come out in this match!

NOTABLE PERFORMANCES:

AJ Mackall: AJ had two assists and was incredibly dangerous in the second half getting the ball to the endline and finding runners in the box.

Tony Gallegos: Tony scored a brace by getting himself into the box and into dangerous areas. He was an engine all over the pitch.
